

# Blue Mood

## Swing Out Sister

Blue moods taken hold of you  
Blue mood coming your way  
Blue mood will take control of you  
Blue mood blue's take you away Take a look at yourself  
Take a look at yourself  
Think it over  
It won't be long now  
Wait for that mellow feeling's gone  
Think it over  
Take it over  
Think it over  
It won't be long  
Blue mood's taken hold of you  
Blue mood coming your way  
Blue mood take control of you  
Blue mood blue's take you away Take a look at yourself  
Take a look at yourself  
Won't be long now  
Feeling strong now  
Nothing but blue skies  
Open your heart  
Make a new start  
Open your heart  
Make a new start  
Open up your heart  
Think it over  
It won't be long now  
Before that mellow feeling's gone  
Think it over  
Take it over  
Think it over  
Take it over  
It won't be long Think it over  
It won't be long now  
Before that mellow feeling's gone  
Think it over  
Take it over  
Think it over  
Take it over

It won't be long Won't be long now  
Feeling strong now  
Nothing but blue skies  
Open your heart  
Make a new start  
Open your heart  
Make a new start  
Open up your eyes Think it over  
It won't be long now  
Before that mellow feeling's gone  
Think it over  
Take it over  
Think it over  
Take it over  
It won't be long (Fade)
