

# Cunt Killer

## Waco Jesus

One by one dismembered  
addicted cunt killer  
imprison me  
but you can't take away my memories of the screams  
and the pleas of the innocent  
confessing to homicide I'm a murdering mother fucker  
killer rapist severe schizophrenic  
guiltless  
empty  
fulfilling every sick dream  
normal madman helter skelter manson  
am I a fucking murderer  
fuck yeah  
feeding every fantasy it's too easy  
unholy creation of mass murder  
systematically depopulating  
feeling inebriated after killing you  
domination manipulating every victim into submission  
total control of your fucking soul  
I decide how you will fucking die  
I suffocate you  
slit your throat  
a bullet in the head  
a blunt object
