

# Real Thing

## Warrior Soul

I don't need your big money  
I don't need your girls  
I don't need your rules and that's cool  
To succeed I won't whore  
I want you to rock, I give you more'Cause I'm the real thing  
Come on down and get the real thing  
I'm the real thing  
Come on down and get the real thingI push the law and push the mind  
Our government, well, I like to criticize  
You shot me down but yet I survived  
Never got nothing in this life  
Without a fight and that's rightPush me down 'cause I want the truth  
I'll keep on hittin' till I get through'Cause I'm the real thing  
Come on down and get the real thing  
'Cause I'm the real thing  
Come on down and get the real thingI'm the real thing  
Yeah, come on down  
I'm the real thing  
Yeah, better come on down
