

Star

Gary Clark Jr.

When I was younger
My days looked brighter
When you were around
You made me stronger
When you told me Everywhere you go
Just know that you're a star
Yeah
So, as we grow older, oh
I become wiser
I won't let you down
(I won't let you down)
I am determined to see you shine on Everywhere you go
Just know that you're a star Know that you're a star
Ooh
(I want you to shine)
I want you to shine
Go on and shine (Go on and shine)
I want you to shine (I want you to shine) Everywhere you go
Just know that you're a star They say that they gon' make you
Bigger than what you are
Yeah, yeah, yeah Some will try to shake you
And some will try to break you
Just know that I'll be waitin'
While you quit chasin' new faces
Yeah, yeah, yeah
Yeah, yeah, oh, yeah Some will try to shake you
And some will try to break you
Just know that I'll be waitin'
While you quit chasin' their faces Everywhere you go
Just know that you're a star Some will try to shake you
And some will try to break you
Just know that I'll be waitin'
While you quit chasin' their faces Everywhere you go
