Home Sick Home

Faith No More

Come home
It's been so long
We're missing you at home
So hang up that phone
'Cause I'm coming back home
Back home
Come home
It's been so long
I can hide no more
So hang up that phone
'Cause I'm coming back home
Back home
Drive me home
Drive me home
Drive me home
Drive me, keep on driving me
Keep on driving me, keep on driving me
Keep on driving me, keep on driving me
Driving me, driving me home
Come home
It's been so long
We're missing you at home
So hang up that phone
'Cause I'm coming back home
Back home
I'm coming back home
I'm back home
