

# Jesus, I Surrender

Jeff Deyo

Here at Your feet, I'll always be  
With the Angels crying, 'Holy'  
There's not one thing that means  
As much to me as You my God, as You my King  
Here in the darkness  
I lift my eyes to You  
Your light comes shining through  
Jesus, I surrender  
I draw nearer, I fall down  
Master, be my Savior  
Be my shelter, be my God  
Here at Your feet, I'll always be  
With the Angels crying holy  
There's no one else who can compare to you  
The righteous One, the perfect Son  
Here in this silence  
I hear You speak my name  
And I cry out to You  
Jesus, I surrender  
I draw nearer, I fall down  
Master, be my Savior  
Be my shelter, be my God  
Be my God  
Here in the darkness  
I lift my eyes to You  
Your light comes shining through  
Here in this silence  
I hear You speak my name  
And I cry out to You  
Jesus, I surrender  
I draw nearer, I fall down  
Master, be my Savior  
Be my shelter, be my God  
Jesus, I surrender  
I draw nearer, I fall down  
Master, be my Savior  
Be my shelter, be my God  
Be my God  
Be my God  
Be my God
