What It Do

Red Cafe

Let's go, let's go
Jump in the ride with me, baby
Let's go
Never seen you around here before
Girl, you're so hard to ignore
Just how you look into me
Baby, what it do?
Let me put some on your mind
Girl, I really want you to be mine
Baby, give me a chance
I don't care if you got a man
The way you floss, the way you talk
It's more then just your sexy walk
I gotta let you know that I'm feeling you
Baby, what it do?
Don't you wanna be the one
I'm spendin' on, be my love
Don't you want the finner things
Don't ya, girl, don't ya?
Baby, what it do?
Jump in the ride with me, baby, let's go
I'ma give you anything, baby
I know you wanna be the one
Don't ya girl, don't ya
Baby, what it do?
Is it crazy for me to think
That we could be a future thing?
It's a trip what you do to me
Baby, what it do?
I gotta put some on your mind
'Cause it's sho' puttin' some on mine
Could be on and poppin'
If you feelin' it, ain't nothin' stoppin'
The way you floss, the way you talk
It's more then just your sexy walk
I gotta let you know that I'm feeling you
Baby, what it do?
Don't you wanna be the one
I'm spendin' on, be my love

Don't you want the finner things
Don't ya, girl, don't ya?
Baby, what it do?
Jump in the ride with me, baby, let's go
I'ma give you anything, baby
I know you wanna be the one
Don't ya, girl, don't ya
Baby, what it do?
Shawty, listen, you can die with an option or live with a choice
Wanna try how to drop, spin or roll in a Royce
You lovin', he got soul in his voice
So cold he can flow in the snow, leave it froze if it's moist
You by my side has become my whole object
Open your eyes to things you haven't tried yet
Let me know am I making progress
You might wanna tell me no but your body is screamin' ah yes
God Bless, I must confess
I think it's more than your smile and your style of dress
I'm down for the whole mile I guess
But if your man try to flip, we gon' see who can wile the best
He just vexed cause we next and I'm lampin' with Puffy
Playboy mad because his main girl want me
Dude don't know nothin', trust me
But your [Incomprehensible] right now I'ma make you love me
Baby, what it do ?
Don't you wanna be the one
I'm spendin' on, be my love
Don't you want the finner things
Don't ya, girl, don't ya?
Baby, what it do?
Jump in the ride with me, baby, let's go
I'ma give you anything, baby
I know you wanna be the one
Don't ya, girl, don't ya?
Baby, what it do ?
Don't you wanna be the one
I'm spendin' on, be my love
Don't you want the finner things
Don't ya, girl, don't ya?
Baby, what it do?
Jump in the ride with me, baby, let's go
I'ma give you anything, baby
I know you wanna be the one
Don't ya, girl, don't ya?
Baby, what it do?

Don't you wanna be the one
I'm spendin' on, be my love
Don't you want the finner things
Don't ya, girl, don't ya?
Baby, what it do?
Jump in the ride with me, baby, let's go
I'ma give you anything, baby
I know you wanna be the one
Don't ya, girl, don't ya?
