You Know You're Right

Nirvana

I will never bother you
I will never promise too
I will never follow you
I will never bother youNever speak a word again
I will crawl away for good
I will move away from here
You wont be afraid of fearNo thought was put into this
I always knew it would come to this
Things have never been so swell
I have never failed to failPain, pain, pain
You know you're right
You know you're right
You know you're rightIt's so warm and calm inside
I no longer have to hide
Lets talk about someone else
Steaming soup begins to meltNothing really bothers her
She just wants to love herself
I will move away from here
You wont be afraid of fearNo thought was put into this
I always knew it'd come to this
Things have never been so swell
I have never felt this realPain, pain, pain, pain, painYou know you're right
You know you're right
You know you're rightPain
