

And Settlin' Down

Poco

Here I am singin' my song to you now
I want you to listen yeah, yes
I want you to listen
Makin' my time go by, makin' you smile
I been thinkin' of you yeah, yes
I been thinkin' of you And settlin' down, oh Back on the road again, here I'm alone again
Hotel ain't home no, no, no
Hotel ain't home
Worn out faces, don't care what the pace is
I miss my woman yeah, yes
I miss my woman And settlin' down
She's hummin' another sound
I hear the music in my ear Here I am singin' my song to you now
I want you to listen yeah, yes
I want you to listen
Makin' my time go by, makin' you smile
I been thinkin' of you yeah, yes
I been thinkin' of you And settlin' down
But she's hummin' another sound
I hear the music in my ear
