# Rape Song

## Strapping Young Lad

Rape is just cause for murdering
Waste life... Die bastard die bastard burnRape gives strength to weakness
Lies prone... cold and alone
He says I...
Want you for your body
Want you for your body
Want you for your body
Want you for your body
Body... Body... Body... Body...Here now alone with all who love her
Now feel this come down on you
You fucking pig... now you dieI want you for your body
I want you for your body
I want you for your body
I want to see you fucking dead
