# Strong and Smart

## No Fun At All

One lie was all it took, everything ended right there
You didn't seem to care
One lie I walked away, weight on my shoulder was heavy
Barrel to my headWill you give me a good excuse?
Will you let me just die right here and now?
I can't think of another way
But I'm open to any good advice
Everything is falling apart
Trying hard to be strong and smartOne day was all it took
Start to get back on my feet, heart begin to beat
One week I'm feeling great, dancing around in the street
Feeling young and freeWill you give me a good excuse?
Will you let me just die right here and now?
I can't think of another way
But I'm open to any good advice
Everything is falling apart
Trying hard to be strong and smart
