Animal

Thermostatic

I wander with million tears, before sun goes down
Revealing myself, oblivionI'm reaching for his love
The death of loneliness
Fear gives me shelterHe will know, into the night with you
Close so cold, like walls of snow
The paranoia comes
sleeps within my heart
Seen forbidden faces strike him down
strike him down
I'm breathing inside this dream and you are all I am
I figure he'd come running againAnd all of me
inside your head
The cut is deep
like tiny pearls
Come and take a bite of me
my loving animal
He will know, into the night with you
Close so cold, like walls of snow
The paranoia comes
sleeps within my heart
Seen forbidden faces strike him down
strike him downJ'avais peur, oh, tous le temps
oË™ la nuit, je suis une ombre
