

# Hamburg Song

Keane

I don't wanna be adored  
Don't wanna be first in line or make myself heard  
I'd like to bring a little light  
To shine a light on your life to make you feel loved  
No, don't wanna be the only one you know  
I wanna be the place you call home  
I lay myself down, to make it so  
But you don't want to know  
I give much more  
Than I'd ever ask for  
Will you see me in the end or is it just a waste of time  
Trying to be your friend?  
Just shine, shine, shine, shine a little light  
Shine a light on my life and warm me up again  
Fool, I wonder if you know yourself at all  
You know that it could be so simple  
I lay myself down, to make it so  
But you don't want to know  
You take much more  
Than I'd ever ask for  
Say a word or two to brighten my day  
Do you think that you could see your way?  
To lay yourself down and make it so  
But you don't want to know  
You take much more  
Than I'd ever ask for
