

# Fuck You Back To Sleep Remix (feat. Usher & Zayn)

## Chris Brown

[Intro: Usher]

Wake up, wake up, wake up, wake up

Get up, get up, get up, get up

Usher baby

Oooh, oh oh oh

I'm gonna love you, yeah

Baby, oooh, oh oh oh

Soon as I touch you there[Verse 1: Usher]

Come and ride on me like the waves

I flip the pages cause I wrote the book on the way how to sex you up, sex you up

We can do it like I'm on the stage, we'll have an audience

Baby I'll show you the way that I sex you up or I could lick you up and down 'til you say

You love how I eat on that pussy, just might go put a tat on that pussy

That's says Usher, Usher, there's no other, other

Damn girl, yeah you got that juicy, love when I make you cum, I make it gushy

Don't want any other, other, I'm the champion lover, lover

Fuck you to sleep, wake you up again, I be so deep in you, beat it up again

Girl come and sit on my tongue again cause I love to taste you yeah

I can tell you been eating your pineapples, girl your pussy taste like pineapples

Girl when I hit your G, you feel like you gon' be, baby cum for me[Chorus: Chris Brown & Usher]

Just let me rock, fuck you back to sleep girl

Don't say a word no, girl don't you talk

Just hold on tight to me girl

Fuck you back to sleep girl, rock you back[Verse 2: Chris Brown]

Now where you been, it's been a year

Baby I ain't seen you, you know I miss you

Baby let me love you back to sleep once more

And I know we don't speak no more

But I just wanna tell you I'm sorry

For fucking 'round with Keisha and MaKayla

For all the Georgia peaches in Decatur

For all these bitches in the elevator

I just want you to love me

Yeah baby don't test me

You know I'll do it

You want me to say your name girl?

Okay, Karrueche![Chorus: Chris Brown]

Just let me rock, I'mma fuck you back to sleep girl

Oh don't talk to me girl, don't say a word no, girl don't you talk

Just hold on tight to me girl  
Fuck you back to sleep girl and rock you back[Verse 3: ZAYN]  
Baby just stay comfortable, I want you as you are  
Baby just lay there naked waiting for me  
Let's not get emotional, let's be who we are  
Can we do that? Can we do that? Can we?  
Know it's been a long day, it's about to be a long night  
So keep your eyes closed 'til I roll through  
So baby when you're feeling like a woman in the sheets  
Somebody splitting your knees, don't worry that's me  
I'm over here putting work in  
Baby you ain't gotta tell me what you want[Chorus: Chris Brown]  
Just let me rock and let me love you baby, fuck you back to sleep girl, oh  
Don't say a word no, girl don't you talk  
Just hold on tight to me girl  
Fuck you back to sleep girl and rock you back[Outro: Chris Brown]  
Ain't sorry that I woke ya, ain't sorry 'bout ya job  
Call sick in the morning so I can get a little bit more of your love  
Ain't sorry that I woke ya, ain't sorry 'bout ya job  
Call sick in the morning so I can get a little bit more of your love  
Right back, rock you back  
Right back, rock you back
