On the Radio

Wank

oh yeah oh yeah
heard a song on the radio...
flashback to new york city there's a monkey on my back
I tried to shake it i tried to fake it i tried
kiss me deadly generation x
we're having tons of sex
don't play me just blame me for everything
i'm gonna make it my way i'm not crazy
under the circumstances
i believe what i believe
oh yeah oh yeah
heard a song on the radio
let's go (let's go)
time is money and i've got next to nothing
just a dimestore hood all dressed up for the big time
like a fool in love with a fantasy
you know i'm all mixed up inside
don't tease me please please me i'm ready
i'm gonna make it my way
i'm not crazy
under the circumstances
i believe what i believe
oh yeah oh yeah
(aah) gonna make it my way i'm not crazy
under the circumstances(2x)
i believe what i believe
heard a song on the radio
