

Baby Wants a Diamond Ring

Squirrel Nut Zippers

Hey there, baby
I have gotten some news for you You think you're something out of sight
To take me out every night
Take me out show me everything
But you won't do the right thing Baby wants a diamond to have and hold
A diamond ring with a band of gold Another thing that daddy, while I've got it on my mind String of pearls are
so nice
But it ain't worth a trip to paradise
Your weary romance is much too slow
You gotta give up all of that dough Baby wants a diamond to have and hold
A diamond ring with a band of gold Baby wants a diamond to have and hold
A diamond ring with a band of gold
