

Let Me Be Mine

Riton

Auction off what you love
It will come back sometime
Lock it up, what you love
And it's just let me be mine, oh Auction off what you love
It will come back sometime
Lock it up, what you love
And it's just let me be mine, let me be mine You're gonna take another chunk of me with you when you go
Go ahead and take another chunk of me, yeah, just go
Mm-hm, just go (Ooh ooh ooh ooh ooh, ooh ooh)
(Ooh ooh ooh ooh ooh, ooh ooh) Stop extensions, set to stun
Bathing beauties lie down where I run
Like some heavy notion that's gone untouched
Meanwhile I'm still thinking about it
Hm, I'm still thinking about it You're gonna take another chunk of me with you when you go
Go ahead and take another chunk of me, yeah, just go
Yeah, just go (Ooh ooh ooh ooh ooh, ooh ooh)
(Ooh ooh ooh ooh ooh, ooh ooh) Auction off what you love
It will come back sometime
How they want you to run, you to run
Too bad they want you to run (Ooh)
How they want you to run, you to run
Just how they want you to Auction off what you love
It will come back sometime
Lock it up, what you love
And it's just let me be mine, let me be mine You to run
How they want you to run
You to run
Oh, they want you to run
