

This Town (Live from Hartford)

O.A.R.

In the morning wake me up
And tell me everything
So I can understand your world
And you can understand my dream Yeah, I could be anywhere
And you could be there with me
But I just want to be a ghost
And see everything I don't want it to be the way they want it
This town, this night, this crowd
Come on put them up, let me hear it loud
This town, this city, this crowd Stand up on your feet put your worry down
And everyone of you all around
Come on y'all let's take this town
Let's take this town It's better that we keep this close
Keep you close to me
Walking under every sky
Over every sea You can be my modern girl
And I can be the one you found
If we're taking on the world today
I know we got to leave this town I don't want it to be the way they want it
This town, this night, this crowd
Come on put them up, let me hear it loud
This town, this city, this crowd Stand up on your feet put your worry down
And everyone of you all around
Come on y'all let's take this town
Let's take this town Come on y'all let's take this town
Come on y'all let's take it down
On our own let's get away
Nothing more left here to see Come on love make it perfect
More and more I will believe
Like a child I must believe
Come on y'all make it perfect This town, this night, this crowd
Come on put them up, let me hear it loud
This town, this city, this crowd
Stand up on your feet put your worry down And everyone of you all around
Come on y'all let's take it
Everyone of you in this crowd
Come on y'all let's take this town This town, this night, this crowd
Come on put them up, let's take this town
This town, this city, this crowd

We're taking on the world today
Come on put them up and every one of you all around
We can be anyway, take this town
Come on put them up, we're taking on the world today
Take this town, we could be anywhere
