

# Made My Mind Up

[Mikal Cronin](#)

Just give it all a reason  
Just said it all afraid  
I won't sound in what I need then  
Standing with you on a corner  
Stand to wait till you're gone  
Started out, the memories fade

Just tell me when it hurts  
Just tell me when it hurts  
Just tell me when it hurts  
I've made up my mind up  
Made up my mind up

Found my place in the morning  
Just tell me when you are around  
Gotta take to future in the pain  
Sorry I can't hear the wind blow  
Sorry I can't see the end  
It's over now, this could be the end

---
