Wish

Kosheen

If it feels it's starting again
Over heavy and you want to be thin
If you think its over, begin
Recovery
Even when you wanna get high
Misdirected and you wanna fly
Take the splinters out of your eyes
RecoveryWhen I get a rhythm within
I feel happy when I'm living in it
When I wanna turn it round on its head
Aah recoveryStepping on a carpet of glass
You're just happy you don't drop on your ass
Just be thankful that's there in your grasp
RecoveryOpen up your cynical eyes
Step forward now
Don't be shy
If it's complicated, simplify
RecoveryWhen I get a rhythm within
I feel happy when I'm living in it
When I wanna turn it round on its head
Aah recovery yeahWhen I hear the rhythm within
I'm so happy when I'm living in it
When you wanna turn it round on its head
Recovery
Recovery
RecoveryWhen I get the rhythm within
I feel happy when I'm living in it
When I wanna turn it round on its head
Aah recoveryWhen I'm feeling happy when I'm down on my knees
And you wanna take it over again
Recovery
Recovery
Recovery
