The Answer

Kodaline

Watch your step or you might fall
You act like you're a know-it-all
Yeah I used to do that, I used to be like that
I'm still a bit like thatYou might think you found the one
Until your heart gets ripped and torn
Yeah I used to feel bad, I used to feel like that
I still feel a bit like thatBut I'm not searching for the answer
I'm not looking for the truth
I'm just talking through a speaker
Because that's all that I have ever learned to doUse your mind and make it talk
'Cause in this world it's all you've got
We all fall down from the highest clouds to the lowest groundThe loneliness is worst of all
When you've got no one else to call
Feeling kind of sad when the times are bad, the times are getting badBut I'm not searching for the answer
No, I'm not looking for the truth
I'm just talking through a speaker
Because that's all that I could ever learn to do
Because that's all that I have ever learned to doWhat about you?
What about you?
What about you?
What about you?
What about you?
What about you?
What about you?
What about you?So watch your step or you might fall
You act like you're a know-it-all
Yeah I used to do that, I used to be like that
I'm still a bit like that
