

# The Answer

## Kodaline

Watch your step or you might fall  
You act like you're a know-it-all  
Yeah I used to do that, I used to be like that  
I'm still a bit like that You might think you found the one  
Until your heart gets ripped and torn  
Yeah I used to feel bad, I used to feel like that  
I still feel a bit like that But I'm not searching for the answer  
I'm not looking for the truth  
I'm just talking through a speaker  
Because that's all that I have ever learned to do Use your mind and make it talk  
'Cause in this world it's all you've got  
We all fall down from the highest clouds to the lowest ground The loneliness is worst of all  
When you've got no one else to call  
Feeling kind of sad when the times are bad, the times are getting bad But I'm not searching for the answer  
No, I'm not looking for the truth  
I'm just talking through a speaker  
Because that's all that I could ever learn to do  
Because that's all that I have ever learned to do What about you?  
What about you?  
What about you?  
What about you?  
What about you?  
What about you?  
What about you?  
What about you? So watch your step or you might fall  
You act like you're a know-it-all  
Yeah I used to do that, I used to be like that  
I'm still a bit like that
