

# Boogie Brothers

## Savoy Brown

Sometime I feel like a smoke without a light  
Sometimes I fell like a ghost that's died of fright  
But the Boogie Brothers got to be in town tonight  
The Boogie Brothers got to be in town tonight  
Streets signs and lights are fading, fading into one  
Came down from the moon and up with the light of the sun  
Yes the Boogie Brothers got to be in town tonight  
The Boogie Brothers got to be in town tonight  
Sometimes I feel like a joke without a laugh  
Most times I feel like a whole that's dropped in half  
But the Boogie Brothers got to be in town tonight  
The Boogie Brothers got to be in town tonight
