

Ice Queen (Elements Live)

Within Temptation

When leaves have fallen
And skies turned to grey
The night keeps on closing in on the day
A nightingale sings his song of farewell
You better hide for her freezing hell On cold wings she's coming
You better keep moving
For warmth, you'll be longing, nightingale
Come on just feel it
Don't you see it?
You better believe When she embraces
Your heart turns to stone
She comes at night when you are all alone
And when she whispers
Your blood shall run cold
You better hide before she finds you Whenever she is raging
She takes a life away
Haven't you seen?
Haven't you seen?
The ruins on our world Whenever she is raging
She takes a life away
Haven't you seen?
Haven't you seen?
The ruins on our world She covers the earth with a breathtaking cloak
The sun awakes and melts it away
The world now opens its eyes and sees
The dawning of the new day On cold wings she's coming
You better keep moving
For warmth, you'll be longing, nightingale
Come on just feel it
Don't you see it?
You better believe Whenever she is raging
She takes a life away
Haven't you seen?
Haven't you seen?
The ruins on our world Whenever she is raging
She takes a life away
Haven't you seen?
Haven't you seen?

The ruins on our world
