Mercy on Me

Reed Deming

Black magic women put a spell on my eye
That body moving girl you got to be mine, all mine
Well I confess I'm not impressed with all the rest tonight
It's only you it's only you that I like
She makes me beg for more, oh oh ohBaby have mercy on me
Why don't you tell me your name
They say you're out of my league
But you've been driving me crazy
Maybe, lady I've got something you need
Oh oh oh baby have mercy on meI'm right behind her with my hands on her hips
She's sending signals does she want something more from this
Infatuated captivated you're my only wish
If only I if only I could resist
She makes me beg for more, oh oh ohBaby have mercy on me
Why don't you tell me your name
They say you're out of my league
But you've been driving me crazy
Maybe, lady I've got something you need
Oh oh oh baby have mercy on meI've been thinking I've been waiting
For something to happen
Cause baby I'm here, and I want
All the things that you got
And I need, and I beg
Baby please, have mercy on meShe makes me beg for moreBaby have mercy on me
Why don't you tell me your name
They say you're out of my league
But you've been driving me crazy
Maybe, lady I've got something you need
Oh oh oh baby have mercy on meBaby have mercy on me
Why don't you tell me your name
They say you're out of my league
But you've been driving me crazy
Maybe, lady I've got something you need
Oh oh oh baby have mercy on me
