Midnight

Uriah Heep

I just lay down wonderin' what to lay down
Lately I can do it every day undisturbed
I think I know what but I can't find out how?
The morning didn't show me what it was worthMiles and miles of smiles getting me nowhere
Opportunities I just can see
Can't lead me to the slaughter
Cause I'll already be there
I've been up that street and
I know what's waiting for me, just waitingMidnight, moonlight
Day into day
No escape I must stay
Midnight, show me the way
Show me the way
Give me something to play
Something to play
To help me make the new dayTake me out of the darkness into the light
I've no friends to stand by me here in the night
It's an affair of a sad and weary heart
Take me out of the darkness back to the startI just lay down wonderin' what to lay down
Lately I can do it every day undisturbed
I think I know but I just can't find out how?
Morning didn't show me what it was worth
