Choose To Live

Reef

This is the face God gave me,
And this is the face I will use.
It cannot leave me, but I wondered if I could:
Walk around and stare it out.No use saying maybe when your thoughts are driving you crazy.
Choose your life.
Choose it well.Dream denial well I never understood it.
If it feels good tell me, why can't I do it?
Look myself in the eye.No use saying maybe when your thoughts are driving you crazy.
Choose your life, choose it well.
