Love Is A Matter Of Distance

Will Young

Love is a matter of difference
Between you and me
Love is a matter of distance
That you are too far away
Love is a matter of growing
And knowing true feelings
Love is a matter of showing
That you are so far away
When my heart is open
My mind is openin' to find
I can't let you stay
The love is a matter of difference
You are too far away
Love is a matter of inputs
Outlook, deep inside
Love is to know you're on my side
That you are so far away
When my heart is open
My mind is openin' to find
I can't let you stay
The love is a matter of difference
You are too far away
Yeah
Yeah, yeah, yeah
Ohh, ohh, yeah
Yeah, when my heart is open
My mind is openin' to find
I can't let you stay
The love is a matter of difference
You are too far away
If love is a matter of distance
You are too far away
Yeah
