

# Baby I Miss You

Chris Norman

I can't stay at home.  
When the night is calling.  
I got lots of friends.  
To join me for a drink.  
But there's no-one there.  
Who can stop me falling.  
'Cos your love.  
Is like the missing link.

CHORUS:

Oh baby I miss you.  
When the mem'ries creep into my mind.  
Baby I miss you.  
Tears of desperation make me blind.  
Baby I miss you.  
'Cos left the good times way behind.  
Baby I miss you.  
Wanna be with you.

Won't miss a chance.  
Looking for a new love .  
Searching for the girls.  
When the day is done.  
But I feel my heart's  
Looking for a true love.  
And I know.  
You're the only one.

CHORUS:

Oh baby I miss you.  
When the mem'ries creep into my mind.  
Baby I miss you.  
Tears of desperation make me blind.  
Baby I miss you.  
'Cos left the good times way behind.  
Baby I miss you.  
Wanna be with you.
