

Slow Down

[Ringo Starr](#)

face to the wind
my feet on the floor
heading down the highway on the 104
gotta get the lid out can't be late in and out of traffic got no time to waste Slow down, Slow down, Slow down!,
Slow down Calm Is good
when your mind is busy with woulda coulda should
you betta slow down check is in the mail but someone forgot the stamp
trying to find some peace of mind and put it in the bank Slow down, Slow down, Slow down, Slow down is good
when your mind is busy with woulda coulda should
you betta slow down
Slow down, Slow down, Slow down
