Against the Wind (Live At Wacken 2015)

Stratovarius

Once again I try to make things work
Failing all the power of society
Searching all the answers for the life
I'll never make it on my ownWas I meant to fail every time?
Seems to me that's my destiny
Is this all that's left for me
Confusion and bad memories?But now my time has come
No more running in the dark
I want much more than this
I really want it allAgainst the wind we run
To every place under the sun
We've got so much power inside
We will never give upAnd against the wind we go
Towards the new shore
Together we'll forget the sorrow
It's forever goneAgainst the wind we run
To every place under the sun
We've got so much power inside
We will never give upAgainst the wind we go
Towards the new shore
Together we'll forget the sorrow
It's forever goneAgainst the wind we run
To every place under the sun
We've got so much power inside
We will never give upAgainst the wind we go
Towards the new shore
Together we'll forget the sorrow
It's forever gone
