

Against the Wind (Live At Wacken 2015)

Stratovarius

Once again I try to make things work
Failing all the power of society
Searching all the answers for the life
I'll never make it on my own Was I meant to fail every time?
Seems to me that's my destiny
Is this all that's left for me
Confusion and bad memories? But now my time has come
No more running in the dark
I want much more than this
I really want it all Against the wind we run
To every place under the sun
We've got so much power inside
We will never give up And against the wind we go
Towards the new shore
Together we'll forget the sorrow
It's forever gone Against the wind we run
To every place under the sun
We've got so much power inside
We will never give up Against the wind we go
Towards the new shore
Together we'll forget the sorrow
It's forever gone Against the wind we run
To every place under the sun
We've got so much power inside
We will never give up Against the wind we go
Towards the new shore
Together we'll forget the sorrow
It's forever gone
