

All for One... None for All

Doctor Butcher

It's every man for himself now
That's the way it's gonna be
A nation armed and ready
Civil war that's sure to be In a future as things just keep goin' on
Young people dies
In the future for children All for one, none for all
All for one, none for all
No none at all It's a world of confusion
Got to look out for number one
If you don't no one else will Leaves you under the gun
Alone you stand, a shadow by your side
On your face I can see the misfortune All for one, none for all
All for one, none for all
No none at all All for one, none for all
All for one, none for all All for one, none for all
All for one, none for all
No none at all
