

Right Here (feat. Drake)

Justin Bieber

Baby, I'm here, I'm here to stay
I ain't going nowhere
I know you're scared cause you've been hurt
Baby it's alright
Lost in your eyes every time that you look in mine
I promise to be all that you need
I won't leave you baby
No 'cause I just wanna love you
I would never ever put nobody up above you
I just wanna kiss you baby, I just wanna hug you till the end, baby till the end
And I'm right here, ain't nobody gotta hold you
'Cause I'm right here, ain't nobody gon' control you
'Cause I'm right, right here
I'm right here, I'm right here, I'm right here
Right here, right here, yeah
Right here, right here, yeah
Say you'll be mine, say we'll be fine
Say we'll be together
Selfish of me to ask since I be the reason we gon' last forever
Wish that you knew all that I do to make this thing go right
Promise to be all that you need
I won't leave you baby
No cause I just wanna love you
I would never ever put nobody else above you
I just wanna kiss you baby, I just wanna hug you till the end, baby till the end
And I'm right here, ain't nobody gotta hold you
Cause I'm right here, ain't nobody gon' control you
Cause I'm right, right here
I'm right here, I'm right here, I'm right here
Right here, right here, yeah
Right here, right here, yeah
And I say, good girl got in my right
She can brace right, the impatient, I know you waiting
Waiting on a good thing, when the time's right
You should let me get to know you baby
I just wanna put it on you
If you want too, baby tell me what you gon' do girl
I can make you feel perfect, girl you're worth it
I just need to see you work it girl
And I'm right here, ain't nobody gotta hold you
'Cause I'm right here, ain't nobody gon' control you
'Cause I'm right, right here yeah yeah
I'm right here, I'm right here, I'm right here, I'm right here
yeah I'm right here, right here, yeah
I'm right here, right here, yeah
I'm right here, right here, yeah oh oh
