Eye for an Eye

The F-Ups

Don't, no, don'tDont try and tell me how to live
I don't care if I will never find a way to die
I don't know if I will ever find a way
I'll never try to decideAnd will I find an eye for an eye?
An eye for an eye, an eye for an eye
An eye for an ayeToo many days at home staying up and drinking
Jerking off myself again tonight
I don't know if I will ever find a way
I'll never die to decideAnd will I find an eye for an eye?
An eye for an eye, an eye for an eye
An eye for an ayeToo many days at home staying up and drinking
Puking on myself again tonight
I don't care if I will ever find a way
I'll never die to decideAnd will I find an eye for an eye?
An eye for an eye, an eye for an eye
An eye for an aye
