I Should Know

The Sheepdogs

I show you things that you've never seen
I know places you've never been
So where the grass isn't green 'cuz I, yeah I should know
I should know, I should know
I show you things that you've never seen
I know places you've never been
So where the grass isn't green 'cuz I, yeah I should know
Playing away from home is fun
This food is cooked but it isn't done
Boy the best is to come 'cuz I, yeah I should know
It's always me that takes the blame
Second single sound the same
Don't admit it's a pain 'cuz I, yeah I should know
I should know, I should know
Pain and grows, yeah I should know
I should know, I should know, I should know, I should know
I should know, I should know
Pain and grows, yeah I should know
Two steps forward, one step back
Wheels are coming off the track
Still there's time to get back 'cuz I, yeah I should know
I should know, I should know
Pain and grows, yeah I should know
I should know, I should know, I should know
Waking up in someone's attic
Find it's all on automatic
Look at for his problematic 'cuz I, yeah I should know
Waking up in someone's attic
Find it's all on automatic
Look at for his problematic 'cuz I, yeah I should know
I should know, I should know, I should know, I should know
