

# Yes Or No

## Wayne Shorter

It's Jojo in the place to be, be, be  
It's Jojo in the place to be, be, be  
    You are not ready!  
It's Jojo in the place to be, be, be  
It's Jojo in the place to be, be, be  
It's Jojo in the place to be, be, be  
It's Jojo in the place to be, be, be  
    You are not ready!  
    Waiting for you to call  
    Don't help the situation at all  
    I know that you got a girl  
You say, you still want me in your world, yeah  
    You say, you're gonna shut her out  
I think you're just runnin' your mouth  
You gotta tell me what you wanna do  
    'Cause I can't be waitin' for you  
        Is it a yes? Is it a yes?  
        Is it a no? Is it a no?  
        You are not ready!  
'Cause a girl like me can't be on hold  
    Is it a yes? Is it a yes?  
    Is it a no? Is it a no?  
    You are not ready!  
'Cause a girl like me can't be on hold  
    Boy, you gotta make up your mind  
    'Cause you're runnin' out of time  
    If you could stop playin' games  
Then maybe my feelings would change  
    If that's the way you want it  
    Then that's how it's gonna be  
    'Cause I gotta keep it movin'  
You can't keep confusin' me, oh no  
    Is it a yes? No, no  
    Is it a no? Baby  
    You are not ready  
'Cause a girl like me can't be on hold  
    Is it a yes? Is it a yes?  
    Is it a no? Is it no?  
    You are not ready!

'Cause a girl like me can't be on hold  
It's Jojo in the place to be  
And I got what it takes to rock your life right, yeah  
Still tryin' to see what you got  
'Cause time's runnin' out to put me on lock  
It's Jojo in the place to be  
And I got what it takes to rock your life right, yeah  
Still tryin' to see what you got  
'Cause time's runnin' out to put me on lock  
Is it a yes? I need to know  
Is it a no? Baby  
You are not ready!  
'Cause a girl like me can't be on hold  
Is it a yes?  
Is it a no?  
You are not ready!  
'Cause a girl like me can't be on hold  
Oh no, know know, I've got to know  
(Is it a yes?)  
Can't keep girl like me on hold  
(Is it a no?)  
So what you wanna do? What you wanna do?  
(You are not ready!)  
'Cause a girl like me can't be on hold  
...
