

Get Back Together

Everything But the Girl

Won't you get back, won't you try to get back, get back together
Won't you get back, won't you try to get back, get back together Still can't believe that you two are now just
friends
You've got no lover and he's free at weekends
I know he said when you first met
That you must always play the hand you get But you're two years on a losing streak
Get back together, get back together
It's something you could do next week
Get back together, get back together Ooh, won't you get back, try to get back together?
Ooh, won't you get back, try to get back together? Matches are not made in Heaven
They're made right here on earth
He searched the starry skies
Ended up in your arms
You taught him all he knows
Just think what you could have been
Another Arthur and Marilyn Now you're two years on a losing streak
Get back together, get back together
Something you could do next week
Get back together, get back together Ooh, won't you get back, try to get back together?
Ooh, won't you get back, try to get back together? And then you say that you got bored
How can you say that you got bored?
Some people search their whole lives through
But never find what was shown to you Won't you get back
Won't you try to get back
Get back together Still can't believe that you two are just friends
You've got no lover and he's at the lose ends
And hey girl listen to what I say
And don't let that boy just walk away Ooh, won't you get back, try to get back together?
Ooh, won't you get back, try to get back together?
Ooh, won't you get back, try to get back together?
Ooh, won't you get back, try to get back together? Baby get back, baby, baby get back
Baby get back, baby, baby get back, get back together
Baby get back, baby, baby get back, get back together
Baby get back, baby get back together
