

Sex Has Gone (feat. Roachford)

Mousse T.

It's too late, I been going half crazy
Running circles heart is dizzy
I'm hot blooded, girl I wanted you
Got so close but could'nt touch you How come we ain't getting busy
Thought that we'd be making babies
Read the signs girl can't you see
I've been patient until now It's to late baby, it's too late baby, the sex has gone
It's to late baby, it's too late baby, the sex has gone Now you're saying, no more playing
Wanna give yourself to me
Must have thought I had forever
But your thinking was way off key Girl, I still feel, something for you
It not the same as it was before
Someone else has got me confused
'Cos she's giving so much more I said it's to late baby, it's too late baby, the sex has gone
Girl, it's to late baby, too late baby, the sex has gone
I said it's to late baby, it's too late baby, the sex has gone
You know it's to late baby, too late baby, the sex has gone The sex has gone, the sex has gone
The sex has gone, the sex has gone
The sex has gone, the sex has gone
The sex has gone, the sex has gone Girl it's gone, yeah
Oh no, I told you it's gone
I told you it's gone
[Incomprehensible] Oh baby, whoa yeah
'Cos it has gone, yeah
Yes, it has gone, it has gone
Oh, it is driving me so wild
'Cos it has gone
