# Scared

## Albert Hammond, Jr.

You know that something inside of you
Still plays a part in what I do always, I'm here for you
I think that if we were all we had
That's more than most people ever have
Anyway, oh, anyway, you can stay hereI know you're still there because you're scared
That you'll lose everybody
I know you're still there because you're scared
That you'll lose everything
I know you're still there because you're scaredI'm here if you're scared to go through
Anything, just reach out in front of you, always, won't you stay near?
So close, we played it as if we cared
Don't stop, now that we're almost there, anyway, oh, I'm here for youI know you're still there because you're scared
That you'll lose everybody
I know you're still there because you're scared
That you'll lose everything
I know you're still there because you're scaredI know you're still there because you're scared
That you'll lose everybody
I know you're still there because you're scared
That you'll lose everythingI know you're still there because you're scared
That you'll lose everybody
I know you're still there because you're scared
That you'll lose everythingI know you're still there because you're scared
That you'll lose everybody
I know you're still there because you're scared
That you'll lose everything
I know you're still there because you're scared
