## Light It Up

## **Blood Red Shoes**

Got a feeling it's a fever, it's a fire Talking trouble, take it down into the wire

Once chance, two chance, it's a lie

It's old, and old, and old, and worn outLight it up for real and watch it work a way

Got no memory of ever being made

We'll take heart, take heart anyway

Your own, your own are not nowHey

Light it up

Hey

Light it upTaking comfort in the promises of pride

A blade incision, it will never help decide

We're growing up, growing out of a life

It won't, it won't, it won't fit anyoneGot a feeling, it's a fever, it's a fire

Marking territory, a faction for a fight

Take heart, take heart cos the lie

It's old, it's old, it's old, and worn out

It's old, it's old, and worn outHey

Light it up

Hey

Light it up

Light it up for real, light it up and we'll see (hey)

Light it up

Light it up for real, light it up and we'll see (hey)

Light it upHey

Light it up

Hey

Light it up

Light it up for real, light it up and we'll see (hey)

Light it up

Light it up for real, light it up and we'll see (hey)

Light it up
