

# Sight of the Sun

## Fun.

For once there is nothing up my sleeve  
Just some scars from a life that used to trouble me  
I used to run at first sight of the sun  
Now I lay here waiting for you to wake up  
The city outside still sounds like its on fire  
You put on new sheets  
The white flag of a Saturday night  
I know we stayed up talking in circles  
But I like to think the symmetry  
Will keep me close to you  
For everyone Im out to prove wrong, you keep the light on  
The only one, you know me better than the truth  
So despite what Ive done I pray to God that we can move on  
Cause thus far you are the best thing that this life is yet to lose  
And for once there is nothing up my sleeve  
Just some scars from a life that used to trouble me  
I used to run at first sight of the sun  
Now I lay here waiting for you to wake up  
I lay here waiting for you to wake up  
So if you're gonna leave, if you're gonna go  
I cant bear to sleep without you in my arms  
I know we got caught up sifting through a crowd of people and losers  
But you must not let them take you  
They dont know you like I do  
For once there is nothing up my sleeve  
Just some scars from a life that used to trouble me  
I used to run at first sight of the sun  
Now I lay here waiting for you to wake up  
I lay here waiting for you to wake up  
Do you remember when we stayed up till the sun stretched through the  
room?  
I used to blame it on the queens walking down 7th Avenue  
Its been years now since we moved  
Ive gotten through with an excuse  
You know I try not to speak superlatives  
But its impossible to you  
The city outside is nothing but a flicker now  
You see our friends to bed, you turn out the lights  
I start to think youll make a beautiful mother, I  
I like to think I have everything I want from this life.
