Shhh

Tarkan

Don't speak, you're beautiful
Don't say a word at all
Look at me
I hear your voice in my head like a song
And I don't wanna sleep
Are you the one for all the time?
Skin next to mine
Am I lost in a dream?
Do you really wanna let it slip away?

If you say do you mean it
If you feel it let me see it
If you want me now I wanna hear love speak
Shh
When you dance with your heart in motion
You pull me in just a little closer
Don't say a word I wanna hear love speak
Shh

Why be so afraid of the silence Shhh
Over there with your beads in your hair
What you don't say sets me free
Like a flame of a fire
That keeps getting higher
Talk to me with your eyes so I can believe
Show me love deeper than words

If you say do you mean it
If you feel it let me see it
If you want me now I wanna hear love speak
Shh
When you dance with your heart in motion
You pull me in just a little closer
Don't say a word I wanna hear love speak
Shh

Let me feel it
You can't conceal it if the connection is deep
If this is meant to be

Then you don't have to speak

If you say it
If you feel it
If you want me now, I wanna hear love speak
Shh
When you dance with your heart in motion
You pull me in just a little closer
Don't say a word I wanna hear love speak
Shh

If you say do you mean it
If you feel it let me see it
If you want me now I wanna hear love speak
Shh
When you dance with your heart in motion
You pull me in just a little closer
Don't say a word I wanna hear love speak
Shh
