

# Disco Man

## The Damned

Take my hand, discoman  
Are you just a one night stand?  
Have some fun, jump the gun  
But what's left when it's all done  
But who are you taking for a ride, discoman  
Better to run or else to hide discoman, discoman  
Tall and neat, watch his feet  
Got the jist he's all complete  
Understand discomans  
Heading for the garbage can  
Have you just crossed a bridge too far, discoman  
Jump in a cab and steal a car, the worse in the land  
Discoman, one night stand, discoman  
I can't understand, discoman  
What are you doing  
Your life's in a ruin  
You're out of our head  
You oughta be dead  
Down the stairs, no-one cares  
He who wuins is he who dares  
Rock n Roll, lose control  
Just forget you're on the dole  
But who are you taking for a ride, discoman  
Better to run or else to hide, worst in the land  
Discoman, one night stand, discoman  
I can't understand, discoman  
Are you ready(x2)  
For the discoman
