

Perfect Fit

Meiko

I knew when I met you,
we'd be a perfect fit.
So I gathered my courage,
try to use every bit.
I walked down to you there,
sitten at the top of the stairs,
I made small conversation,
hoping it will get somewhere.
So say you will,
love me until we grow old.
And dance as most as I fit to go
So slow, so slow.
Sometimes it feels like,
we're so as just long as friends,
and they're happy, so happy.
That they found each other again.
The best part of being almost so into with you.
Is knowing the feeling of finding someone to be true, too.
So say you will,
love me until we grow old.
And dance as most as fit to go
So say you will,
love me until we grow old.
And dance as most as fit to go
So slow, so slow.
So slow.
oh oh.
So slow.
Oh oh.
I knew when I met you,
we'd be a perfect fit.
