6-17

Asian She

The last honey bumble bee's still alive
Say goodbye now before we all die
With a smile on our faces
Won't be any traces
Hope for your sakes you're in gods graces
With a smile on our faces
Won't be any traces
Hope for your sakes you're in gods graces
Wake me up at 6-17
Wake me up
Wake me up at 6-17
Wake me up
Living somewhere sunny costs a lot of money
Better spend it all now or lose it all honey
With the heavens so evasive
Won't be many spaces
Pushing up the daisy with the devil in our faces
