Here Come the Rome Plows

Drive Like Jehu

Sad to say its over now
Here come the huns
Pick a side or pick a spot
Here come, here come the rome plowsWhy waste your time?
Here come the huns
Be my date tonight
Here come, here come the rome plowsCal state, no fun
Stay put, here comes
To clean the slate, to pass the time
To erase, yank crimeYeah, we're on the receiving end
I never been
Dear heart, dear friend
I never been on the receiving end
Not a scratch, not a dent
I never been on the receiving end, I never been
