

Girl with the Heart of Gold

REO Speedwagon

Night and day, day and night
I do my best to do things right
Never meant to ever hurt nobody
And if I should in some small way
Ever rain on your parade
I will make it up to you I promise Ever since I met that girl
There's no one else in the whole wide world
Said she'd stay and be with me forever
Mysteries have long been told
About the girl with the heart of gold
And you know I think that I have found her Because every time she looks my way
I lose control, what can I say
She's everything I've ever been after, oh I found the girl with the heart of gold
I found the girl with the heart of gold
I found the girl with the heart of gold
I found the girl with the heart of gold
