

Warm Regards

Horse Thief

I want to fade away
I don't know who I am
These paper cups of mine
These movies in my head
This music makes me sad
And I cannot help myself
The truth is that I can
A man with warm regards
So you tell me
Secrets like me
So you tell me
Secrets like me
Your Jesus is a lie
My Jesus told me so
Told me magic isn't real
But pretend until we die
When Father makes life sad
The water drips of vines
These days are fought for not
Like clockwork in our mind
So you tell me
Secrets like me
So you tell me
Secrets like me
