We Just Go On

Pixie Lott

What happens when the water runs away?
What happens when the sunlight starts to fade?
What happens when I love you comes to late?
When things go wrong, we just go onWhat happens when you got no more to give?
What happens when there's nothing left to live for?
What happens when the one you love is not the one you're with
When things go wrong, we just go onNo one's scared of flying, we're just scared of crashing down
No one's scared of falling, we're just scared to hit the ground
Even if your heart gets broke, you're stronger then you'll ever know
When things go wrong, we just go onWhat happens when your best is not enough?
What happens when your soul mate is already in love?
How're you meant to pick the pieces up?
When things go wrong, we just go onNo one's scared of flying, we're just scared of crashing down
No one's scared of falling, we're just scared to hit the ground
Even if your heart gets broke, you're stronger then you'll ever know
When things go wrong, we just go onWe don't need much, much of anything no
Just the hope of what tomorrow brings oh X2What happens when your lucky number's wrong?
What happens when you lose someone you've always counted on?
What happens when it feels like life's just stringing you along?
When things go wrong, we just go on
When things go wrong, we just go on
